SNF

Technical Interpreter / Contractor

- Korean/English translation
- Contributed to translate/interpret communications between engineers who had various cultural and environmental background
- Contributed to translate/interpret communications including technical objects such as PLC / factory automation which was heavily related to electrical engineering by utilizing knowledges related to engineering

Education

Santa Monica College

Associate of Science, Computer Science

(August 29, 2016 - December 17, 2019)

Transferred to California State University, Northridge without degree

🔗 <https://smc.edu>

Los Angeles City College

Associate of Science, Computer Science

(February 05, 2018 - June 03, 2019)

Transferred to California State University, Northridge without degree

🔗 <https://lacitycollege.edu>

California State University, Northridge

Bachelor of Science, Computer Science

(January 21, 2020 - December 23, 2021)

Senior Project: SPACE 3D Senior Elective: COMP 539

Network Infrastructure COMP 542 Machine Learning

COMP 484/L Web Engineering COMP 424 Computer

System Security COMP 440 Database Design
